

A Comprehensive Resource for Out-of-Schooltime Staff

# INTRO & OVERVIEW OF ERS AND SACERS-U

The Environment Rating Scales (ERS) are observational tools that assess process quality of child care programs. This virtual training provides an introduction and overview of the ERS and the School Age Care Environment Rating Scale-Updated (SACERS-U) tool. We will examine the benefits of using the tool and how to use the SACERS-U tool in an out-of-school time (OST) program. This training is intended for programs with school age children in OST.

*This training fulfills the necessary Granite Steps for Quality (GSQ) ERS Training requirement for the SACERS Learning Environment Standard Rubric.*
