

Social and Emotional Learning in Out of School Time (OST) Cohort

*Key Topics for Anyone
Working with Children and Youth in OST Settings*

**Tuesday Mornings:
October 3, 17, 31, & November 14, 28, & December 12
9:30 - 11:30am on Zoom**

At the heart of the OST field are the values of building positive relationships, creating quality learning opportunities, and making contributions to lifelong thriving outcomes for our youth. The profound way these values connect to SEL is the driving influence underlying this six-session cohort.

We will lay a foundation for understanding SEL and promoting the elements within OST environments that can help SEL thrive. Each session will focus on specific topics connected to the understanding and implementing SEL-supportive practices in OST programs. We will examine SEL competencies, SEL skill development, regulating routines and practices, and the components of an SEL-supportive culture, while providing practical suggestions to strengthen the quality of programs for our children, youth, and families.

Each program will have access to an ACROSS NH consultant to provide support for the completion of SEL implementation assignments. Participation in the cohort will require attendance of all six sessions.

Registration and PD: Register for the first session in the [NH Connections Information System \(NHCIS\)](#). Participants must complete all six sessions to receive PD credit. Upon completing the cohort, participants will receive 12 hours of PD in their NHCIS training transcript. The last day to register is September 25th.

Zoom: This ACROSS NH cohort is virtual. You will receive an email with an invitation to the Zoom meeting after you register and prior to the first session.

Questions: Please email Cathy Hazelton, ACROSS NH Assistant Director, at chazelton@acrossnh.org.
