

Challenging Behaviors in OST with a Focus on Autism

Presented by:

Amy Upton, M.S., NH ASMP WT, F, IM, PC and Leadership Level 5 and ASA Level 4

Often for out of schooltime providers, challenging behaviors are the most exhausting part of our job. Gain a better understanding as to why challenging behaviors exist in the out of schooltime setting, particularly for those with exceptionalities such as autism. Tools will be shared as to the role we can play in supporting children and youth's needs in adjusting from one situation to the next. This training will also address strategies that encourage positive behaviors for ALL children, staff, and families.

Registration: This training is free, but registration is required in **EVENTBRITE**. The last day to register is November 29th!

Professional Development: Participants will receive 2 hours of professional development in their **NH Connections Information System (NHCIS)** training transcript profile within 2-4 business days.

Questions: Please email Cathy Hazelton, ACROSS NH Assistant Project Director, at cathy@seresc.net or call 603-206-6848.

ACROSS NH is a project of SERESC funded by the Bureau of Child Development and Head Start Collaboration. Our goal is to provide statewide technical assistance and professional development opportunities to afterschool providers to support their work in creating high quality, innovative programs for schoolage children.
